### PREFACE

This report is one in a series on Soviet Ground Force and Logistic installations being prepared for a DIA/CIA Panel. The series is being coordinated, published and disseminated by NPIC. The photographic analysis is being performed by the NPIC Photographic Analysis Group, the CIA Photographic Intelligence Division (NPIC), and the Production Center 1P1a (DIA). The photographic analysis for this particular report was performed by the Production Center 1P1a.

In the interest of uniformity, the titles and letter designators for the facilities observed at these installations are identical with those appearing in the project requirement. When a specific facility is not observed both its title and letter designator are omitted in the report.

Titles and letter designators for the various facilities are as follows: (A) railroad service, (B) road service, (C) landing strips, (D) administrative and troop housing areas, (E) storage areas, (F) ammunition storage areas, (G) POL storage areas, (H) other buildings and facilities, (J) equipment storage/maintenance areas, (K) athletic fields, (L) small arms firing ranges, (M) driver training areas, (N) tank/assault gun firing ranges, (P) flat trajectory firing ranges, (Q) artillery emplacements (batteries), (R) infantry or combined arms field training areas or courses, (S) special training facilities, (T) unidentified facilities or tracking activity.

## SUMMARY

Voru Army Barracks and Maneuver Area Vananursi\* is located approximately 7 kilometers (km) southwest of Voru (Figure 1). The Voru MRBM Complex is immediately west.

Voru Army Barracks and Maneuver Area Vananursi covers approximately 2,700 acres and contains a barracks/administration building, 2 barracks, 23 small huts, 9 storage buildings, 7 vehicle storage/maintenance buildings, a probable garage, 16 probable ammunition storage buildings, 8 probable range con-

trol buildings, and 27 support buildings. Training facilities include an athletic field, 2 tank/assault-gun firing ranges, a flat-trajectory firing range, a tracked/wheeled-vehicle driver training area, and 2 probable wheeled-vehicle driver-training areas (Figures 2 and 3).

This installation is covered on interpretable photography from [ ] missions [ ] Comparative analysis reveals no significant change in facilities and a slight decrease in activity during this period.

## DESCRIPTION OF INSTALLATION

Road Service

An all-weather road between Voru and Antsla passes immediately north.

Administration and Troop Housing Areas

Area D1 contains 2 multistory barracks, a multistory barracks/administration building, 4 storage buildings, 7 support buildings, and 7 vehicle storage/maintenance buildings (three 210 by 35 feet, one 190 by 30 feet, two 150 by 25 feet, and one 100 by 30 feet).

Area D2 contains 5 storage buildings and 23 small huts. Additional huts are probably in the wooded area north of the barracks.

Other Buildings

Nine support buildings are scattered throughout the installation. Some of these are probable guardhouses.

Athletic Field

Area K contains an athletic field.

Driver-Training Areas

Area M1 is a tracked/wheeled-vehicle driver-training area with 3 small support buildings. Activity is medium to heavy on all photography.

Area M2 is a probable wheeled-vehicle driver-training area with a probable garage (290 by 30 feet) and 4 support buildings. Eighty small tents, reportedly in this area [ ] are not discernible on any coverage. Activity in the area appears to be light.

25X1

Area M3 is a probable wheeled-vehicle driver-training area. No activity is discernible in this area.

Tank/Assault-Gun Firing Ranges

Area N1 is a 4,300-foot range with 6 firing lanes, each 1,750 feet long, at least 3 moving-target runs, 3 probable range control buildings, and 4 support buildings. At least 16 small probable ready-issue ammunition storage build-

ings are along the east and west sides of this area.

Area N2 is a 4,200-foot range with 6 firing lanes, each 2,000 feet long, 9 moving-target runs, and 3 probable range control buildings.

Flat-Trajectory Firing Range

Area P is a 1,900-foot firing range with 12 fixed targets, 2 probable range control buildings, and a possible wall.
